1. **Preparation:**
   - Light the incense.
   - Cast a protective circle (visually or with salt).
   - Anoint the candle with oil, moving from base to wick.
2. **Latin Incantation:** Hold the ribbon and the name/photo, then recite clearly:

   "Per Veneris gratiam, et Cupidinis ignem,

   Cor [Name] ad cor meum trahere volo.

   Sicut flamma crescit, sic amor noster crescat,

   Libera voluntate, harmonia et luce.

   Fiat, fiat, fiat!"

   (Translation: *"By Venus' grace and Cupid's flame,I draw [Name]'s heart to mine in love's name.As fire grows, so may our love be,In free will, light, and harmony.So mote it be!"*)
3. **Visualization:**
   - Wrap the ribbon around the candle, imagining a bond forming.
   - Visualize you and the person happy together, bathed in pink light.
4. **Closing:**
   - Let the candle burn completely (or relight it over 3 days).
   - Bury the remains near a rosebush or keep the ribbon under your pillow.

Important Notes:

- This spell works within universal energies—if love isn't mutual, it may bring a better-suited connection.
- Support the magic with real-world actions (communication, time together).

Ethical Alternative: Replace the name with *"the right partner for my highest good"* to allow destiny to guide the outcome.
